

International Seabed Authority

Press Release

Thirteenth Session
Kingston, Jamaica
9 - 20 July 2007

Council (PM)

**SB/13/12/Corr.1
16 July 2007**

Corrigendum

In Press Release SB/13/12, issued Friday, 13 July, replace 1 paragraph 3(d) in para 3 line 3, with the following:

(d) “polymetallic sulphides” means hydrothermally formed deposits of sulphides and accompanying mineral resources in the Area, which contain concentrations of metals including, inter alia, copper, lead, zinc, gold and silver;
