COMMITTEE ON THE PEACEFUL USES
OF THE SEA-BED AND THE OCEAN FLOOR
BEYOND THE LIMITS OF NATIONAL JURISDICTION

Amendment to the Draft Addendum to the Report of the Committee
(A/AC.138/L.4/Add.2*) submitted by the Delegation of Mexico

The following should be included at an appropriate place:

Some delegations recognized the fact that the Geneva Conventions constituted a valuable step forward in the task of codifying and developing the Law of the Sea, and that they had been approved by a large body of members of the international community, including many developing countries; those delegations also recognized, however, the need to bring up to date and amplify many of the provisions of those conventions.
