

10 Ocean Decade Challenges

“

The Ocean Decade Challenges will evolve over the life of the Decade.

Land and sea-based sources of **pollutants** and contaminants

Ecosystems under multiple stressors

Ocean to sustainably **feed the world's** population

Equitable & sustainable development of the **ocean economy**

The **ocean-climate nexus** & predictions

Preparedness for and resilience to **ocean-related risks**

Ensure a sustainable **ocean observing system**

A comprehensive **digital representation of the ocean.**

Capacity development and access to data & knowledge

Incite **behaviour change** in relation to the ocean

2021 United Nations Decade
2030 of Ocean Science
for Sustainable Development
