1. The purpose of an Environmental Monitoring and Management Plan is to manage and confirm that Environmental effects meet the environmental quality objectives and standards for the mining operation, contained in the mining work plan. The plan will contain any conditions included in the Environmental Impact Statement and will set out commitments and procedures on how the environmental impacts of the mining operation will be monitored, how the mitigation measures, including pollution control and Mining Discharge in regulations 49 and 50, will be implemented, how the effectiveness of such measures will be monitored, what the management responses will be to the monitoring results and what reporting systems will be adopted and followed.

4. Please indicate the rationale for the proposal. [150 word limit]

This suggestion aims to ensure consistency between the work plan and the environmental management and monitoring plans.
