Germany

**2. Please indicate the relevant provision to which the textual proposal refers.**

Regulation 2

**3. Kindly provide the proposed amendments to the regulation in the text box below, using the “track changes” function in Microsoft Word. Please only reproduce the parts of the text that are being amended or deleted.**

(d) Provide for the protection of human life and safety;

(d bis) Ensure that Regional Environmental Management Plans are adopted by the Authority before exploitation activities are permitted in the respective areas, while preventing any misuse of Regional Environmental Management Plans to block Plans of Work;

**4. Please indicate the rationale for the proposal. [150 word limit]**

REMP are an essential tool to collect information, to allow for an integrative assessment on a regional scale in particular considering other legitimate uses and cumulative effects and to provide for a level playing fields for all contractors. Thus, REMF should be in place before an application for an exploitation projects could be submitted. However, this requirement should not be misused to block plans of work.
