Para 3: We consider that a reference to the Environmental Management and Monitoring Plans would be helpful in paragraph 3. As to other proposed amendments, we suggest that the language presented in article 145 is retained being “necessary measures”.

Para 7: this paragraph is unnecessary as the subject matter is covered by other regulations.

Para 8: “strictly” should be deleted as it is beyond the scope of liability under the Convention (article 22, annex III).
