4. Kindly provide the proposed amendments to the regulation or standard or guideline in the text box below, using the “track changes” function in Microsoft Word. Please only reproduce the parts of the text that are being amended or deleted.

Section 2

Monitoring

5. Please indicate the rationale for the proposal. [150-word limit]

- We consider that the substance of Section 2 is already entirely covered by the EMMP, except for Draft Regulation 102(4) which is covered, as the Facilitator noted, in Draft Regulation 96.ter 5(d). As such, we reiterate our earlier proposal to delete all of Section 2.
- If Section 2 is retained, we propose that it be carefully examined against the EMMP provisions to ensure duplication is minimized and inconsistencies are removed.
