SP.ONZ.NJORK.663.9.2024

The Permanent Mission of the Republic of Poland to the United Nations in New York presents its compliments to the Secretary-General of the International Seabed Authority and wishes hereby to refer to the Note Verbale ISA/OLA/2024/061 of February 22nd, 2024 inviting all coastal States that have not done so to submit to the Secretariat of the Authority charts or lists of geographical coordinates showing the outer limit lines of their continental shelf.

Accordingly, the Permanent Mission of the Republic of Poland to the United Nations kindly provides the attached chart of boundaries of Polish maritime areas, including the list of geographical coordinates in WGS 84 reference system. The outer limit line of the Polish continental shelf is the same as the outer limit of the exclusive economic zone. Pursuant to Article 15 of the Act of March 21st, 1991 on the maritime areas of the Republic of Poland and maritime administration, exclusive economic zone encompasses waters, seabed and subsoil (Journal of Laws of 2023, item 960, as amended).

The Permanent Mission of the Republic of Poland to the United Nations in New York avails itself of this opportunity to renew to the Secretary-General of the International Seabed Authority the assurances of its highest consideration.

New York, March 20th, 2024

Secretary-General of the International Seabed Authority
Kingston
