2. *Notes with appreciation* the Commission's consideration of annual reports on activities carried out by contractors in 2023, and that the Commission assessed the performance of all contractor activities during the twenty-ninth session, but notes that due to the disruption and delay to its work caused by Hurricane Beryl, it will continue working in the intersessional period on its assessment of contractor performance and will revert to this matter at the first part of the thirtieth session;

3. *Notes* that three contractors submitted their five-year periodic reports in the first half of 2024, which are currently under review, welcomes the development of a five-year periodic reporting template by the Commission, and invites contractors to prepare their periodic review reports on the basis of the template;

4. *Welcomes* the submission by contractors of their annual reports within the prescribed deadline, but expresses concern that some contractors have not complied with reporting requirements set out in the template issued by the Commission, and reiterates that contractors are required to report completely and in accordance with the reporting requirements of the Commission on activities in their contract area;
