

Mr. Bruno Pozzi

Mr. Bruno Pozzi has been appointed Chef de Cabinet of the International Seabed Authority and will assume his duties on 22 April 2025.

A career diplomat, Bruno brings over 25 years of experience in international relations, diplomacy and global policy. His career spans three continents, where he held important roles in political, environmental and economic affairs.

Bruno joins the Authority from the United Nations Environment Programme, where he currently serves as the Deputy Director of the Ecosystems Division. Previously, he was UNEP's Regional Director for Europe, based in Geneva, overseeing the pan-European region and the European Union. Prior to joining the United Nations, Bruno held senior positions with the European Union in Kenya and Cote d'Ivoire, as well as Belgium in South Africa, China and Japan.

Bruno's approach to multilateralism is shaped by three core convictions. First, political and technical expertise are at the heart of multilateralism. Second, sustainable development, peace and prosperity cannot be achieved without a holistic approach that brings socioeconomic and environmental considerations into development policies. Third, economic transformation and innovation can and must be leveraged as key drivers of a sustainable future for all.
